

# When You Need A Breast Surgeon

*Marcie B. Hertz, MD FACS & Nancy L. Elliott, MD FACS*

These Breast Surgeons are part of the Montclair Breast Center Team of Breast Specialists. When your mammogram is abnormal or your ultrasound shows a mass or you feel a lump in your breast, a biopsy or surgery may be necessary. The cohesive multidisciplinary team at Montclair Breast Center is focused on your care. Using the most advanced surgical techniques, our surgeons combine the principles of cancer surgery with exquisite cosmetic results. With the ever-increasing complexity of medical knowledge, the well-informed patient understands that the diagnosis and treatment of breast cancer requires serious expertise. Studies prove that surgeons who specialize in the treatment of breast cancer have better outcomes. \*

*Montclair Breast Center has earned the reputation as a premier, multidisciplinary breast center, which specializes in proactive breast healthcare, risk-reduction techniques and the early detection and treatment of breast cancer. We are committed to providing the absolute best breast care.*
