Dear Montclair Breast Center,

I am just writing to express my thanks to the entire staff after my recent visit for a second opinion. Having been to another center recently, it was very apparent that the Montclair Breast Center is head & shoulders above the rest! Both physicians and staff were wonderful! They all spent the time needed and explained everything on the spot - no waiting weeks to receive a report in the mail or the dreaded call from your primary physician. Going to the Montclair Breast center was well worth the 30 minute drive & doing the insurance submission.

I have told my Midwife, Marla Scott, to point everyone to the Montclair Breast Center - I can't imagine why anyone would want to go elsewhere.

Thank You!
